

Tally Prime Accounting Projects

RR TRADERS

Project Overview:

This Project demonstrates the complete accounting cycle of a trading business using Tally Prime. The objective was to gain practical experience in computerized accounting by recording business transactions and generating financial reports.

Activities Performed:

- ❖ Company Creation
- ❖ Ledger Creation
- ❖ Inventory setup
- ❖ Recorded 50+ business transactions
- ❖ Purchase, Sales, Payment, Receipt, Contra and Journal Vouchers
- ❖ Generated Day Book, Trial Balance, Profit & Loss Account, Balance Sheet and Stock Summary.

Learning Outcomes:

Improved practical knowledge of bookkeeping, financial reporting, inventory management and accounting workflows using Tally Prime.

Skills used:

- Tally Prime
- Accounting
- Bookkeeping
- Financial Reporting
- Inventory Management
- GST Basis

Conclusion:

This project strengthened my understanding of real-world accounting processes and enhanced my readiness for accounting and finance roles.
